SUMMARY

B.Tech 3rd-year CSE student specializing in full-stack and backend development, with strong expertise in Java, Spring Boot, and the MERN stack for building scalable, API-driven applications. Passionate about Machine Learning and Generative AI, actively applying GenAI concepts to real-world systems. Demonstrates strong problem-solving, collaboration, and communication skills, with experience working in Agile development environments.

EDUCATION

Koneru Lakshmaiah Education Foundation, Vijayawada

2023 – 2027

B Tech in Computer Science and Engineering

- GPA: 9.42/10.0
- **Coursework:** Database Management System, Operating System, DSA, AIML.

EXPERIENCE

Deloitte Australia Technology Job Simulation – Forage

June 2025

- Completed a virtual job simulation replicating real-world consulting scenarios by developing solutions and authoring a dashboard proposal addressing technical specifications, stakeholder needs, and user experience.

PROJECTS

FreshMart – GenAI-Powered Grocery Management System

Jan 2026 

- Built a GenAI-enabled grocery management system using the MERN stack, featuring role-based access, inventory tracking, and demand forecasting; integrated a chatbot and Redis caching to enhance insights and improve system performance.

ChitChat - Real-Time Chat Application

Nov 2025 

- Engineered a real-time chat application using the MERN stack and Socket.io, featuring secure authentication, efficient message storage, and WebSocket-based communication for scalable, low-latency messaging.

TECHNOLOGIES AND SKILLS

Languages: C, Java, Python

Web: HTML5, CSS3, React.js, Spring Boot, Flask, Tailwind

Tools: Git, Figma, VS Code, Postman, Agile/Scrum

Databases: MySQL, PostgreSQL, MongoDB

ACTIVITIES AND ACHIEVEMENTS

Center for Innovation, Incubation and Entrepreneurship (CIIE)

2024 – Present

Ignite Chief

- Led CIIE initiatives, organizing workshops and startup events to enhance leadership and teamwork skills.

Winter School on Generative AI – IIT Jodhpur

Dec 2024

Participant

- Attended expert-led sessions on Generative AI, Neural Networks, and Deep Learning fundamentals.

Entrepreneurial Essentials Workshop – BVR SCIENT and IITH

May 2025

Participant

OCI 2025 – AI Foundations Associate (Oracle University)

Oct 2025
